Permaculture principles are used on the projects as these are ideal for maximising productivity on small Ugandan farms, and conserving environment.

There can be opportunities for participating in teaching and recreational activities in their Kamuli site. In Ngora, their orphan and vulnerable children's project involves life skills training, including farming, carpentry, sewing.

Dolen ffermio do not currently have medical related projects, but can help to arrange engagement with health centres and hospitals, giving an insight into health services in Uganda. In the near future they are hoping to develop a health clinic in future, a possible research opportunity at the Kamuli project site.

Uganda is a beautiful country, and famous for its delightful friendly people. Travel can be arranged to amazing places, including Murchison Falls game park, Sipi Falls, Mount Elgon, Lake Victoria, and its islands and the source of Nile at Jinja.

Accommodation can be arranged at very reasonably priced guest houses. In Kamuli, eco-tourist accommodation is being developed. Visitors to the farm can stay onsite, and help build more units. Home stays can also be arranged. Each trip can be tailored for each YFC member awarded this travel opportunity.

Kamuli

Ar safle 28 erw, ger yr afon Nile mae fferm arddangosfa ymarferion da wedi cael ei ddatblygu, i wella maeth, bywoliaeth a chadwraeth amgylcheddol.

Ar hyn o bryd mae meithrinfa bambw a choed sydd wedi targedi 40,000 o blanhigion newydd yn y flwyddyn gyntaf. Mae'n cynnwys 9 ysgol a 300 o gartrefi lleol. Mae system bionwy ar gyfer coginio wedi cael ei osod yn yr ysgol breswyl.

Mae'r safle'n anelu at ymladd newidiadau i'r hinsawdd, sydd eisoes yn cael eu profi yn Uganda a datgoedwigo un o broblemau gwaethaf amgylcheddol Uganda.

Mae prosiectau da byw, yn dechrau gyda geifr, moch a dofednod ar y gweill.

Ngora

Mae meithrinfa goed a bambw hefyd wedi cael ei datblygu yma yn ogystal â thechnegau dyfrhau gan ddefnyddio pŵer yr haul. Mae uned magu geifr hefyd wedi bod ar gael i gynnig gwell geneteg i gymunedau a'r cyfle i gynllunio gwell systemau trafod a bwydo.

Mae labordy diagnostig milfeddygol fechan yn cael eu gosod, yn cynnig cyfleoedd arolygu clefydau a rheoli. Does dim ffermio llaeth gwartheg ar y safle, ond mae posibilïad o gydweithio a ffermydd llaeth ar gael.

Mae'r egni adnewyddon solar yn Ngora wedi cyflwyno golau i dai bobl a fyddai'n methu derbyn trydan o'r grid.

Kamuli

On a 28 acre site, by the River Nile a demonstration farm for good farming practices has been developed, to improve nutrition, livelihoods, and environmental conservation.

At present a tree and bamboo nursery, targeted 40,000 plantings in the first year. It involves 9 schools and 300 local households. A biogas plant for cooking at the boarding school has also been installed.

This site aims to combat climate change, which is already being experienced in Uganda and de-forestation; one of Uganda's worst environmental problems.

Livestock projects, initially goats, pigs and poultry are planned.

Ngora

A tree and bamboo nursery has also been developed here together with solar powered irrigation techniques. A goat breeding unit has been able to provide better genetics for communities and the opportunity to design better handling and feeding systems.

A small vet diagnostic lab is being set up, providing opportunities for disease survey, control. Cattle dairying is not practiced on their project sites, but possibilities for interaction with farms and a dairy co-operative can be made available.

The solar renewable energy in Ngora has introduced lighting to households most of whom cannot afford grid electricity.

Unwaith mae'r grwp yn gytun wedyn mae'n amser eistedd yn ol a dechrau rhoi cig ar yr esgyrn o ran beth fyddwch yn wneud ymhob lleoliad. Tra bod chi'n darllen am y bariau gorau, yr amgueddfeydd, a'r pethau da i wneud ymhob lleoliad tra bydd swyddog CFFI Cymru yn paratoi y manylion hedfan, hostelau ymhob lle a thocynnau tren.

If you're looking for an adventure this summer, then the Inter-Railing trip could be just what you need!

InterRailing is cool. With one ticket, you can travel freely on Europe's trains for the duration of your trip without worrying about bookings and fares. You can visit bustling cities, sun-soaked beaches and tiny towns clinging to mountainsides. You can cut through the Alps and olive groves on trains that run quickly, smoothly and on time.

You can meet locals and fellow travellers from around the world. You can jump off on an impulse if you pass through somewhere that looks interesting.

A global pass covers all the countries below so Europe can become your Oyster!

France, Germany, Great Britain, Norway, Sweden, Austria, Belgium, the Netherlands, Luxembourg, Finland, Greece, Italy, Republic of Ireland, Italy, Spain, Switzerland, Croatia, Denmark, Hungary, Poland, Portugal, Romania, Bulgaria, Czech Republic, FYR Macedonia, Serbia, Slovakia, Slovenia, Turkey.

Once selected the group will be invited to meet up and discuss ideas, places they'd like to go and the things they'd like to see so make sure you've read up on the places you'd like to visit!

There's nothing like leaving a town far behind only to read that it's home to the world's biggest cheese sculpture, or that you've just missed the international air guitar championships.

Once everyone has agreed it's then time to sit back and start really putting the meat on the bones in each of your destinations. Whilst you are busy doing this Wales YFC co-ordinators will sort the flights, train tickets and hostel bookings in each of your selected destinations. All you really need to do is decide what activities you want to do at each destination.

Y roll fydd angen i chi wneud fydd dewis beth chi eisiau gwneud ymhob lleoliad. Mae'n debygol fydwch yn croesi sawl ardal ieithyddol ar y trip felly byddai'n syniad dysgu ambell air yn y famiaith .

Bydd hefyd yn help os allwch feimio'n gymharol dda.

- Helo
- Ie
- Na
- Diolch
- Ydych chi'n siarad Saesneg?
- Rhifau – hanfodol wrth bryn didydd neu crossants!
- Y gair am beth chin yfed 'Te' 'Coffi' a.y.y.b
- Ychwenagiad – bydd rhaid talu tal ychwanegol ar ambell dren.

PRIF CYNGOR!!! – Ewch a rucksack gyfforddus a pheidiwch pacio gormod!

Cost: Yn gyffredinol yn Ewrop mae'r dwyrain a'r de yn rhatach na'r gorllewin a'r gogledd. Fel rheol os byddwch yn bwyta allan a aros mewn hostel bydd angen tua £40 y diwrnod arnoch. Beth bynnag eich barn am yr Ewro mae'n gwneud trafod arian yn haws. Ewch a 100 Ewro mewn arian parod a'r gweddill mewn sieciau teithio. Ewch a cherdyn debid hefyd mae'n hawdd tynnu arian allan mewn twll yn wal sydd ar gael yn y rhan fwyaf o drefi efallai efo cost (tua £1.50).

Trip dda iawn i wneud criw o ffrindiau oes a chael profiad o daith o amgylch Ewrop!

Chances are your trip will take you through several different language zones, which can be a bit daunting. Try to learn a few basic words in the language of each country you'll be visiting. It really will help.

A basic grasp of mime will also help. Try and learn the same words in a few different languages, the following will help you go along way;

- Hello
- Yes
- No
- Thankyou
- Do you speak English?
- Numbers – up to the number of people in your group – so you can ask for the right number of drinks or croissants!
- The word for the drink you're most likely to choose 'coffee with milk', 'water' etc
- Supplement – so you can find out if you'll have to pay one on a particular train.

TOP TIP!!! – Get a comfy backpack and pack light. You WILL be carrying your own luggage around with you.

Cost: As a general rule in Europe, east and south are cheaper than west and north. As a rough guide, If you're hostelling and eating out, you'll need around £40 per day. Say what you like about the Euro, it does make Inter-Railing easier.

Take 100 in Euros and the rest in travellers' cheques. Take a debit card too and you'll be able to withdraw local currency from ATMs in most towns, sometimes for a small charge (around £1.50).

A really great trip to make a gang of great friends and experience a fun-packed whistle stop tour of Europe.

Wales YFC has partnered up with Challenge Wales to offer an exhilarating opportunity for young people. This experience helps to broaden horizons, develop personal and social skills and help improve their employment prospects.

The voyage is centred around giving young people aged 16-18 the opportunity to build friendships; through working as a team, taking responsibility whilst having lots of fun!

The crew of 10 members are expected to work aboard a Sailing Vessel helping with all daily routine tasks from cleaning, cooking to piloting the vessel with a small crew of adults helping every individual undertake their tasks with ease.

Wales YFC members that have travelled on the Sailing Vessel in 2019 travelled from Gosport to Cardiff passing Lands End. The trip was over 380 nautical miles over 5 days at sea.

Conditions are very basic and there are few home comforts but working together as a team can enable you to flourish into an individual with bags of confidence.

The Challenge Wales crew are there to help you get the most out of your voyage. We strongly believe, that the more you put into your voyage the more you get out of it.

Poeni am fod yn sal?

Mae salwch mor yn effeithio gwahanol bobl mewn gwahanol ffyrdd, ac efallai gymerwch chi diwrnod neu ddau i gynefuno. Byddem yn argymhell mynd a tabledi salwch / fandiau salwch gyda chi rhag ofn.

Beth os mae'r tywydd yn ofnadwy?

Mae'r cwch wedi'i adeiladu i hwylio yn peth o dywydd mwayf anodd ar y blaned ac yn medru gwrsefyll tywydd gwyntog heb broblem. A dweud y gwir yn aml mae'r amodau hwylio gorau yn am lar ddiwrnodau gwlyb a gwyntog. Rydym yn ystyried gallu'r criw ac os oes angen mynd ar gyflymder arafach yna fe wnawn hynny.

Oes angen profiad hwylio?

Na, mae'r daith wedi eu chynllunio i siwtio pawb. Ar y rhan fwyaf o deithiau ieunectid does gan y bobl ifanc na'i arweinyddion brofiad hwylio.

Un bonws fawr i unrhyw un sy'n gwneud gobr Aur Dug Caeredin yw gall y daith gyfri fel trip preswyl i'r wobr aur.

Worried about seasickness?

This affects people in different ways and you may be unlucky and take a while to find your sea legs. However we suggest that you bring some travel sickness tablets or anti sickness bands just in case.

What if the weather is bad?

The boat was built to sail around the world in some of the harshest conditions on the planet and can easily handle windy conditions. Some of our best sailing days are when it is wet and windy. We always take into account the ability of people on board and sail accordingly so if we need to go at a gentler pace then we will do.

Do I need to be an experienced sailor?

No, voyages are suitable for those of all abilities. On most of our youth voyages the young people and group leaders tend to have no sailing experience.

Another very attractive bonus for our members is that the voyage can count for your gold DofE so if you were wondering what to do as a residential then worry no more.

Bydd rhestr o'r bethau yn cael ei darparu ar yr hyn sydd ei angen arnoch ac efallai y byddwch am ddod a chi ystod y fordaith. Bydd trowsus glaw, siaced a siacedi achub yn cael eu darparu.

Gall y tywydd newid yn sydyn iawn o fod yn gynnes a heulog i fod yn wlyb a gwyntog felly bydd gwisgo'r dillad addas yn helpu chi fwynhau'r diwrnodau. Hyd yn oed os yw'r rhagolwg yn son am haul braf mi all fod yn oer ar y dŵr.... pheidiwch ag anghofio gallwch gwlychu felly mae dod ag esgidiau a dillad sbâr yn syniad da!

A kit list will be provided on what you need and may want to bring onboard during the voyage. Waterproof trousers, jackets & lifejackets will be provided.

Weather conditions can change quite quickly from hot and sunny to wet and windy so wearing the right clothes will make your day more enjoyable. Even if the weather forecast is predicting warm weather, it can still get very cold on the water... and don't forget you could get wet so bringing spare shoes and clothes is a good idea!

Llysgenhadon y Ffermwyr Ifanc Young Farmers Ambassadors

Sefydlwyd y YFA gan grŵp o bobl ifanc oedd yn teithio trwy ran o'r rhaglen teithio CFfl. Mae aelodau CFfl wedi bod yn teithio ers dros 65 mlynedd bellach! Fe deithiodd yr aelodau cyntaf, rydym yn credu, i'r iseldiroedd yn 1949. Ffurfiwyd yr YFA ar y ffordd nol o'r UDA yn 1954.

Dymuna CFfl Cymru diolch i bwyllgorau YFA Cymru a YFA Cymru a Lloegr am ei nawdd hael.

Young Farmers Ambassadors (YFA) is the alumni of Young Farmers who have travelled as part of the YFC International Exchange Programmes. Young Farmers have been representing YFC abroad for over 65 years! The first exchanges were, we believe, to Holland in 1949.

The YFA was formed on the way back from the USA in 1954.

Wales YFC would like to thank the Wales YFA and England & Wales YFA committees for the generous sponsorship received.

Am fanylion pellach o beth sydd gan y YFA i gynnig a sut medrwch ei gynorthwyo yn ei gwaith cysylltwch â:
